EDITORIAL

Apologies for the late arrival of this month's edition. The lovely Mrs T broke her hip in a freak penny-farthing accident, and has been under the knife for a hip replacement – so domestic arrangements have had to take precedence. She is now back home and is recovering well. Normal service will be resumed as soon as possible.

The cover image lifted at random from the interweb – always delighted to have picture contributions

If there is anything that you particularly like or dislike about the newsletter, I would be glad to hear from you.

So, e-mail your thoughts and contributions to chainlinks@uwclub.net, and don't forget that our commitment to the highest journalistic standards means that if I can read it, we'll print it. Photographs, art, and writing are all equally welcome.

If you are planning a ride out and its short notice, put it on our Facebook page, there may be others that are free and would like to join you. It's a great way to meet other members.

Enjoy your riding,

Nick

CHAIRMAN'S CHATTER

Another month gone by! Where are they going? I am sure the summer months pass quicker for some reason. Welcome to another edition of ChainLincs. Many thanks to Nick for putting it together again. If you are having a problem opening it please let Nick know and for your information I always upload ChainLincs onto our website.

Just one new member in the last month, welcome to Iain Hammond from Bracebridge Heath, hope to meet you soon.

However the test passes have been racking up in the last month so congratulations to Arun Koottungal Swaminathan, David Walker, Karen Bevan, Lisa Bagwell, Tomasz Kania and Jim Kettleborough. Well done to you all and congratulations. Great job again by your Observers Jerry Neale, Dave Ayres, Andy Kitchen, Ross Glover, Phil Niner and Will Field – thanks guys.

This is the time of year to get that test done so if you are an associate and haven't been out with your Observer recently get in touch with them and get the job done – that's what you paid for!

For those associates that haven't been in touch with your Observer for a while please stay in touch. If you have decided to not continue the training, please let your Observer or John Cheetham know. Our Observers are volunteers and have plenty to do without chasing associates that have decided not to continue but don't respond to messages and haven't had the common courtesy to let us know! **With plenty of new associates our Observers will stop trying to contact those that don't respond so we can concentrate on the ones that are interested.**

If you fancy being an Observer come along to an Observer meeting. Observer meetings during the Summer months are normally on the road training and can start at various locations. If you are interested in attending, please give Jerry Neale a ring on 07412 935333 and he will be able to give you times and locations.

The Observer team is going from strength to strength. We now have 24 Observers including those still training plus two who are currently going through the pre-training regime. To put that into perspective the region average number of Observers per group is 15! We are apparently doing something right – thanks to you all.

The next Group ride is from Willingham Woods leaving at 0930hrs. Hope to see you there. The last ride out from Brigg was well attended, great to see some associates as well and thanks to John Harrison and Simon Battram for leading the two groups out and about.

At July's social we had Marc Jones, the Police and Crime Commissioner for Lincolnshire who gave us a fascinating talk on his role and what he is striving to achieve with the Lincolnshire Police during his time in office. Many thanks to Marc for giving up some of his free time to fit us into his schedule.

For the September meeting we will be joined by Ady Crane and John Siddall from the Lincolnshire Road Safety Partnership who I am sure will have some interesting updates on what they are doing to try to improve biker safety and awareness throughout the county.

Do you want to prove that your riding or driving is still up to advanced standards then why not take the test (actually a reassessment for full members) again. The Fellow membership tier is open to all current full IAM members, it will offer you enhanced recognition and insurance benefits in return for your commitment to keep your advanced skills up to date by retesting every three years. If you are interested have a look at the IAM website www.iamroadsmart.com/fellow . Nine members of the Group have now signed up.

For the new, and existing, members don't forget to find our Facebook page Lincolnshire Advanced Motorcyclists [here](#) and ask to join so you can post and join in, and we are also on Twitter at IAM Lincolnshire (@lincsbikers_iam).

It looks like being a nice weekend for biking so stay safe. I won't be as I am doing family stuff in Suffolk so will be stuck in the car!

Have a good one and stay safe

Mick

Membership Update etc.

Just the one new member to welcome this month as follows:

Member	Observer
908 Iain Hammond from Bracebridge Heath	Jerry Neale

Since the last

newsletter, the following new members have been allocated Observers as follows:

Member	Observer
905 Richard Adams from Lincoln	Dave Kerr
907 Steve Roach from Burringham	Allan Knight

There are seven

test passes to report since the July newsletter, making fourteen so far during 2019. Congratulations on your success and a big thank you to your Observers.

Member	Pass Date	Observer
Kambiez Zandiyeh	27 June	Ken Rose
David Walker	3 July	Dave Ayres
Karen Bevan	5 July	Andrew Kitchen
Redacted	9 July	Ross Glover
Tomasz Kania	12 July	Phil Niner
Jim Kettleborough	16 July	Will Field
Arun Koottungal Swaminathan	26 July	Jerry Neale

The composition of the group is as follows, less the five Full members and three Associate members whose IAM membership is not current.

Full Members	110
Associate Members active	39
Associate Members "On Hold"	6
Total Group Membership	155

Could I remind all members that GDPR Member or Observer Contracts when issued need returning promptly as we need to comply with the updated GDPR legislation introduced in 2018 and the terms of our affiliation to IAM RoadSmart. Also, for Associate members, no GDPR returned means no Preparation Runs with your Observer.

That's all for this month, ride safely:

DIARY OF EVENTS

The Sunday morning Group Observed Runs are open to all members and also potential members who may be considering preparing for the IAM test.

The prime purpose is to provide the opportunity to hone /improve skills through riding with fellow members.

Potential members considering taking the IAM test may have an individual assessment ride.

Runs last usually around two hours, often with a mid-point refreshment stop.

Depending on numbers / balance etc., it is customary for different groupings to embark on a run style of their choice as they feel fit.

The main purpose is to have the opportunity to ride with fellow like-minded bikers.

The starting points are as shown below:

Ancholme Leisure Centre, Scawby Brook, Brigg, DN20 9JH South side of A18

Willingham Woods Picnic Site, LN8 3RQ East of Market Rasen A631

Hartsholme Country Park Cafe, Lincoln, LN6 0EY South side of B1378, Skellingthorpe Road

Group Social Runs will incorporate café stops unless an alternative is specified. Please try to arrive at the meeting point in good time and with a full tank of fuel. Please let the run organizer know if you want to invite a guest. If carrying a pillion passenger, you should ensure that this is covered by your motorcycle insurance policy.

It is you, as the rider who is deemed to be in control of your motorcycle at all times during an observed or social run.

OBSERVERS AND ASSOCIATE INFORMATION

Well the rain failed to discourage many members of the Observer team for the monthly on bike training night. Four teams from around the county worked on different aspects of Observer training. Later in the evening the four groups met at The Naggs Head, Middle Rasen for a team debrief. Thanks to all who attended and worked at honing their Observer wet weather skills! Also a big thank you goes to the Naggs Head for the use of their function room and facilities.

The Observer meeting of August will find us out on the road doing our on-bike training. If you would like to join us, give me a call to find out where we will be, we have four groups spread throughout the county.

If you want to join the Observer team and work towards the IMI Local Observer qualification, give me a call to find out more on 07412935333

This month the Observer team would like to congratulate Mike Day, James Taylor, Stuart Harrison and David Kerr on completing their Local Observer Qualifications.

Also, the Observer team would like to welcome Bruce Whetton to the team, Bruce will be working towards the Local Observers Qualification.

Blind Spots, Are You Checking?

Ask someone to slowly walk behind you from side to side and note the points at which they disappear from view, then reappear. These are your blind spots and on some motorcycles, particularly on wide roads, they can be big enough to hide an entire lorry! As Advanced riders we should be aware of these zones and compensate by making more frequent checks if necessary.

The phrase 'Rear Observation' is a generic term relating to any rearwards observation, either in the mirrors or over the shoulder. A 'Blind Spot Check' is considered to be a look over the appropriate shoulder to check the area not covered by your mirrors. This observation updates the 'Information' part of IPSGA. It is not meant to be a thorough 180-degree look to the rear, more a quick glance to fill in any blanks left by your mirrors.

It is also not intended to replace or replicate normal use of the mirrors, as their use has the advantage of allowing you to maintain a peripheral view of the road ahead whilst looking behind. The level of vision your mirrors afford affects the frequency with which these checks need to be carried out and this should be considered part of the continuing 'Information' stage of IPSGA.

As with every other part of IPSGA, they should be considered and not just slavishly undertaken. This in turn promotes a 'Thinking Rider approach' to your riding in the same way as considering whether a signal is actually needed for every manoeuvre. Remember that if a 'Blind Spot Check' is required it must be executed before the manoeuvre, to allow time to react to anything observed.

The LAM Sunday morning Group ride out is a great opportunity for associate members to get in some extra riding practice before their Advanced test. At the Sunday morning ride you will usually find many Observers and Full members who have got a vast knowledge and experience of Advanced riding who are always willing to assist others to achieve test standard. It is also another opportunity to practice the work that you have been doing with your Observer. We have three areas of the county covered, so take a look in the events diary and plan your next Sunday morning Group ride! Look forward to seeing you there

Look forward to seeing you there.

Jerry
